*To Herbert C. Warren, Constable of the Town of South
Berwick, in the County of York and State of
Maine:*

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of South Berwick qualified to vote in town affairs to assemble at the Town Hall in said Town on Tuesday, the Twelfth day of March, A. D. 1935, at eight o'clock in the forenoon, then and there to act on the following articles, to wit:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose a Town Clerk, three Selectmen, Assessors, and Overseers of the Poor, Town Treasurer, Collector of Taxes, one member of the School Committee, and other necessary town officers for the ensuing year.

ART. 3. To see what sum of money the Town will vote to raise and appropriate for the support of Common Schools.

ART. 4. To see what sum of money the Town will vote to raise and appropriate to purchase textbooks for the Common Schools and Berwick Academy.

ART. 5. To see what sum of money the Town will vote to raise and appropriate for the repairs of school-houses.

ART. 6. To see what sum of money the Town will vote to raise and appropriate for incidental school expenses.

ART. 7. To see what sum of money the Town will vote to raise and appropriate to pay insurance on Central School.

ART. 8. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Berwick Academy for the tuition of its scholars, in accordance with Chapter 19, Section 92, R. S., of 1930.

ART. 9. To see what sum of money the Town will vote to raise and appropriate to pay the tuition of its scholars at Berwick Academy.

ART. 10. To see what sum of money the Town will vote to raise and appropriate for the salary of Superintendent of Schools for the ensuing year.

ART. 11. To see what sum of money the Town will vote to raise and appropriate for the support of poor.

ART. 12. To see what sum of money the Town will vote to raise and appropriate for Mothers' Aid for the ensuing year.

ART. 13. To see what sum of money the Town will vote to raise and appropriate for incidental expenses.

ART. 14. To see what sum of money the Town will vote to raise and appropriate to pay the salaries of Town Officers.

ART. 15. To see what sum of money the Town will vote to raise and appropriate to defray the expenses of Town Hall.

ART. 16. To see what sum of money the Town will vote to raise and appropriate for the repairs of Highways and Bridges.

ART. 17. To see what sum of money the Town will vote to raise and appropriate for State Highway Patrol.

ART. 18. To see what sum of money the Town will vote to raise and appropriate for winter care of highways and sidewalks.

ART. 19. To see what sum of money the Town will vote to raise and appropriate for Bituminous Surfacing for roads.

ART. 20. To see what sum of money the Town will vote to raise and appropriate for the rent of hydrants.

ART. 21. To see what sum of money the Town will vote to raise and appropriate to pay firemen and to defray the expenses of the Fire Department.

ART. 22. To see what sum of money the Town will vote to raise and appropriate for Street Lights.

ART. 23. To see what sum of money the Town will vote to raise and appropriate for the observance of Memorial Day.

ART. 24. To see if the Town will vote to raise the sum of \$100.00 for the Free Public Library.

ART. 25. To see if the Town will vote to raise and appropriate \$300.00 to assist in maintaining a local District Nurse.

ART. 26. To see if the Town will vote to raise and appropriate the sum of \$180.00 for the support of a School Nurse.

ART. 27. To see what action the Town will vote to take in regard to the destruction of the Elm Tree Beetle, and what sum of money shall be raised and appropriated therefor.

ART. 28. To see what sum of money the Town will vote to raise and appropriate for cutting bushes and weeds on the improved sections of State Highways, State Aid Highways, and Third Class road locations in accordance with Section 44, Chapter 28, of the Revised Statutes of 1930.

ART. 29. To see if the Town will vote to raise and appropriate \$794.00 for the maintenance of the Third Class Road in accordance with Sections 43 to 47, Chapter 28, of the Revised Statutes of 1930.

ART. 30. "To see if the Town will vote to use one-half the money appropriated for the maintenance of the Third Class Road for this year for Bituminous Surfacing for said road."

ART. 31. To see if the Town will vote to raise and appropriate the sum of \$125.00 for the purpose of furnishing clerical assistance on Town accounts.

ART. 32. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying Moderator, Tellers and Election Officers.

ART. 33. To see if the Town will vote to instruct the Collector of Taxes to charge and collect interest at the rate of six per cent, on all taxes remaining unpaid after November 1st, 1935, said interest to be retroactive from September 1st, 1935.

ART. 34. To see what sum of money the Town will vote to raise and appropriate for Interest, Abate-ments and Commissions.

ART. 35. To see what action the Town will vote to take in regard to the destruction of Brown Tail Moths, in accordance with Section 79 and Chapter 5, of the Revised Statutes of 1930.

ART. 36. To see what sum of money the Town will vote to raise and appropriate for the destruction of Brown Tail Moths.

ART. 37. To see if the Town will vote, "That for the purpose of procuring a Temporary Loan to, and for the use of the Town of South Berwick, Maine, to pay indebtedness of said Town due and to become due during the present municipal year, to be paid out of money raised by taxation during the present municipal year, the Town Treasurer and Selectmen be and are hereby authorized and directed to borrow from time to time a sum or sums not exceeding in the aggregate Thirty-five Thousand Dollars, and to execute and deliver the note or notes of the Town therefor signed by the Town Treasurer, and countersigned by the Selectmen of the Town."

ART. 38. To see if the Town will vote to authorize and instruct the Selectmen to sell at Public Auction property that has been acquired by the Town from the sale of the property for taxes, on which the legal time limit has expired.

ART. 39. "To see what sum of money the Town will vote to grant and raise to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine."

ART. 40. To see if the Town will vote to elect a Budget Committee for the ensuing year.

ART. 41. To see if the Town will vote to raise and appropriate the sum of fifty (\$50) dollars for the care of the Soldiers Monument Lot.

ART. 42. To see if the Town of South Berwick will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) to be spent on the Road from Fred Folsom's to Jewett.

ART. 43. "To see if the Town will vote to raise and appropriate, a sum of money to rebuild one-half of the highway bridge located at South Berwick Town line and crossing Shorey's Brook, so called. It being understood that the Town of Eliot will be ready to pay, by agreement, its portion, or one-half of the total cost."

ART. 44. To see if the Town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the Town to State Aid, as provided in Section 20, Chapter 28, Revised Statutes of 1930.

ART. 45. To see what sum the Town will appropriate and raise for the improvement of the section of State Aid Road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 175, P. L. of 1933.

ART. 46. To see if the Town will vote to raise and appropriate the sum of \$3,000.00, three thousand dollars, to pay school bonds maturing in 1935.

ART. 47. To see if the Town will vote to raise and appropriate the sum of \$2,250.00, two thousand two hundred and fifty dollars, to pay the interest on school bonds due July 1, 1935, and January 1, 1936.

ART. 48. To see if the Town will vote to raise and appropriate the sum of \$7,000.00, to pay Town notes to the South Berwick Trust Company.

ART. 49. To see what sum of money, if any, the Town will vote to raise and appropriate to pay on outstanding notes.

ART. 50. To see if the Town will vote to raise and appropriate the sum of \$150.00, for the purpose of providing accident insurance for firemen.

ART. 51. To see if the Town will vote to raise and appropriate the sum of \$400.00 to make much needed repairs to the chemical truck.

ART. 52. To see if the Town will vote to raise and appropriate the sum of \$760.00, for new double jacket hose for Hose Company No. 1, for the year of 1935.

ART. 53. To see if the Town will vote to have a list of valuation of property and taxes paid on the same, and furnish each taxpayer with a copy two weeks before town meeting; this article to run indefinitely or until voted in regular town meeting to be abolished.

ART. 54. To see if the Town will vote to appropriate the sum of \$65.00, to cover printing and other expense that may occur for listing valuation of property and tax list.

ART. 55. To see if the Town will vote to raise and appropriate the sum of \$120.00 for the maintenance of Special Resolve road, as required by Statute.

ART. 56. To see if the Town will vote to raise and appropriate the sum of \$200.00, for the purpose of putting in a catch basin and drainage pipe at the westerly end of Ross Street.

ART. 57. To see if the Town will vote to raise and appropriate the sum of \$200.00, for the purpose of graveling Jewett Avenue.

ART. 58. To see if the Town will vote to install a fire alarm box in Central School building and raise and appropriate the sum of \$75.00 therefor.

ART. 59. To see if the Town will vote to adopt the accounting system installed by Selectmen, and approved by State Auditor.

ART. 60. To see if the Town will vote to raise and appropriate the sum of \$75.00, to purchase a safe for the Town Treasurer's office.

ART. 61. To see if the Town will vote to raise and appropriate the sum of \$125.00, to purchase a new stove and typewriter for the Selectmen's office.

ART. 62. To see if the Town will vote to raise and appropriate a sum of money to purchase and install steel voting booths.

ART. 63. To see if the Town will authorize the Selectmen to sell the sawed lumber on the Town Lot, the proceeds to be applied against Accounts Payable, 1934 account.

ART. 64. To see if the Town will vote to direct and authorize the Board of Selectmen to convey by Quit-Claim Deed the schoolhouse and lot at Emery's Bridge to Gladys Hasty Carroll, for the consideration of Ten Dollars; but stipulating that the building shall not be moved from its present location and reserving the right on behalf of the Town to re-purchase for the same consideration whenever the Town may wish to use said property for school purposes.

ART. 65. To see if the Town will vote to elect its Selectmen, Overseers of Poor and Assessors according to the provisions of Section 13, Chapter 5, Revised Statutes to take effect in 1936.

ART. 66. To pass any other vote or votes that may legally come before said meeting.

The polls will be open at 8.00 o'clock in the forenoon and will be closed at 2.00 o'clock in the afternoon. The Selectmen will be in session Friday, March 8, Saturday, March 9, and Monday, March 11, from 4.00 o'clock to 5.00 o'clock in the afternoon to revise the checklist.

HEREOF, FAIL NOT and have you there and then this warrant with your doings thereon.

Given under our hands in the Town of South Berwick, this twenty-first day of February, in the year of Our Lord, one thousand nine hundred and thirty-five.

MICHAEL B. HARRITY,

BERNARD E. DRURY,

WILLIS S. SALLEY,

Selectmen of South Berwick.

A true copy—Attest:

HERBERT C. WARREN,

Constable.

We, the undersigned, certify that the foregoing pages contain the true account of the financial transactions of our department for the year ending February 1, 1935.

MICHAEL B. HARRITY,

BERNARD E. DRURY,

WILLIS S. SALLEY,

Selectmen of South Berwick.

SELECTMEN'S REPORT

We feel at this time that a report should be made to you covering some of the activities and expenditures during the past year and also to offer some suggestions and recommendations for the ensuing year.

ACCOUNTING SYSTEM

It has long been evident that our method of accounting had become obsolete. Some Boards of Selectmen in the past have not even kept a ledger account of their expenditures and there was no way to balance with the Treasurer until the end of the year. This matter had been discussed at various Town Meetings without any action.

Soon after the last annual meeting your Board took the matter up with the State Auditor's office and found that the system approved by the State Auditor was in use in over fifty cities and towns in the state. After giving the matter careful consideration we voted to install the system and we have found it very satisfactory. The books of the Selectmen and Treasurer can now be balanced at any time and the Selectmen know at all times the amount of money in the Treasurer's hands.

This system requires more labor by some member of the Board and at least one member of the Board should have some knowledge of bookkeeping. It seems to us that when almost \$70,000 is handled during one year, it should be properly accounted for.

We recommend that the Town vote to adopt this system.

BRIDGES

For several years the bridges have been allowed to go without any major repairs with the result it became necessary this year to replank seven of them which involved a large amount of money without sufficient appropriation to cover.

At the Town Meeting last March an appropriation of \$500 was voted to cut plank from the town lot. This appeared to us to be a very impracticable way to do it, as under this plan it would be necessary to put men to work cutting trees and hauling the logs to a mill to be sawed, a large amount of the money would be spent for labor with very little plank.

The plank cut in this manner and used at once would be

very green and unfit for use. Your Board after giving the matter serious consideration and after consulting with lumbermen came to the conclusion that it would be better economy to arrange to have a mill moved on the lot and have about 100 thousand feet sawed, as that was the minimum amount that any one would care to move a mill for. We did so and you have on the sticks 112 thousand feet of lumber which is fit only for box boards. This lumber should bring at least \$1,800 and we suggest that you authorize the next Board of Selectmen to dispose of it. With this amount of money tied up we found ourselves somewhat short of funds in February and this will account for the bills in the Accounts Payable.

Your Board was able to get from the State an appropriation to improve and widen the approach to Landing Bridge. This has been done and a very dangerous situation has been overcome.

Salmon Falls Bridge needs minor repairs and should be painted during the coming summer.

E. R. A.

The Federal Government through the Emergency Relief Administration allocated to the town during the past year the sum of \$9,974.50 for the following projects.

Playground, (rear of Central School) ..	\$ 6,127.00
Sewing	598.50
Administrative	510.00
Cutting Bushes	514.50
Public Research	357.00
Harvey's Bridge Fill	682.50
Brown Tail Moths	1,185.00
<hr/>	
Total	\$ 9,974.50
Total expended by Town	739.67

\$10,714.17

It was the wish of your Board that some of this money could be used for the improvement of highways; but the Emergency Relief Administration would not approve any highway project.

Since the Central School building was completed, the large area of land in the rear of the building could not be used for playground purposes because of the uneven condition. Improving this condition was something that would be useful and

necessary and we submitted a project and it was approved. This work was nearly completed when the cold weather made it no longer possible to work on it. The project was therefore suspended until Spring when it can be completed. When it is finished there will be a fine baseball and football field and a good skating pond for winter. It will provide a fine recreation ground for children, not only during school days, but also during vacations; a place where they can congregate and indulge in wholesome activities and at the same time be safe from traffic.

The sewing project has been under the direction of Mrs. Susan G. Wilkinson, who has handled it in a very efficient manner. This project was for a seven weeks period and gave employment to six women. Mrs. Wilkinson made every effort to reach those who were in distress and saw to it that they had clothing to keep them warm and comfortable. Many little children were made happy through this useful project with less than \$50.00 expense to the town.

Late in the fall we were notified by the Railroad Company that the cob work of the approach to Harvey's Bridge was in a bad way and requested that we repair it at once. To remove these old timbers and replace with new ones would be very expensive and we decided to submit a project on it and the same was approved. We decided to fill with gravel which would make the road somewhat wider and safer. This is being done now with the only expense to the town to be the cost of gravel.

All the other projects have been useful. Many lasting benefits have come to the town from them and many men and women who were in distress were able to carry on.

YORK WOODS ROAD

The Governor allocated to this town last summer the sum of \$7,500 to be used in building the York Road and it was our expectation that this amount used in connection with the State Aid and Town appropriations would nearly complete the section which was still unimproved. The State Highway Department was late in making the survey and notwithstanding repeated requests from your Board for action, the matter was delayed until late in the season. On account of weather conditions we were obliged to suspend the work until spring.

We were very much disappointed that more road could not be built; but this was due entirely to expensive engineering and requirements over which we had no control.

PLANNING BOARD

Long Range Planning is at this time receiving the thoughtful consideration of citizens all over the country.

More than 38 states have Long Range Planning Boards as part of their organizations. These boards plan the public works projects that might reasonably be needed over a period of years. It is the plan to have a local board in each city and town to work with the state board and to do the local planning. Our own state has such a board and we suggest that a board consisting of five citizens be appointed at the annual meeting to take up the work here.

A few of the subjects that might receive the consideration of this board are:

Look into the possibility of providing a water system that will give the town a supply of pure water for drinking purposes and an adequate supply and pressure for fire purposes.

A sewage system that will take care of the whole town instead of a limited area.

An intelligent system of road construction instead of the hit or miss program of the present.

SUPPORT OF POOR

The expenditures under this account have been kept down to a minimum. Funerals and hospitalization charges have been heavy and, of course, had to be paid. Requests for relief have been frequent and each case has been investigated.

Early in the year it became apparent that the appropriation for this account would be insufficient to take care of it. Mrs. Henry G. Vaughan very kindly came to the assistance of your Board with a gift of \$1,000.00 to be used in helping to take care of those people who were in need. We were very grateful to her and we are sure that all our citizens will appreciate it.

The Emergency Relief Administration through allocation of funds for projects, food supplies and clothing relieved the town of the care of others who would have been obliged, through no fault of their own, to call for aid.

Respectfully submitted,

MICHAEL B. HARRITY,
BERNARD E. DRURY,
WILLIS S. SALLEY,

Selectmen of South Berwick.

AUDITORS' CERTIFICATE

South Berwick, Maine, March 1, 1935.

We, the undersigned, auditors of the town of South Berwick, certify that we have examined the accounts of the treasurer, also the selectmen's books of said town, and find same correctly cast and properly vouched.

Respectfully submitted,

WALTER R. GODING,

F. VERRILL PERKINS,

Auditors.

UNPAID TAXES

Your attention is directed to Chapter 166, Public Laws, approved 1907, which reads as follows:

"That on and after January first, nineteen hundred and eight, all municipal officers of cities and towns in making out their yearly report shall cause to be printed in said report the names and accounts of all delinquent taxpayers which have been committed to the treasurer or collector for collection.

"The failure for non-performance of this duty shall be not less than five dollars nor more than twenty-five dollars."

BOARD OF HEALTH

The Board of Health for the Town of South Berwick in compliance with the laws of the State of Maine, would submit the following report for the year ending February 1, 1935:

The number of nuisances reported to the board was eight, all of which were abated.

The number of cases of notifiable diseases reported was:

Measles 30

Whooping Cough.... 20

Influenza 2

Respectfully submitted,

FRANK A. ROSS, M. D.,

EDWARD C. HUGHES,

C. N. HARVEY,

Board of Health.

ANNUAL REPORT OF FIRE DEPARTMENT

Apparatus consists of: One 600 gallon triple combination pumper, one combination hose and chemical truck, one hand drawn chemical cart, four large chemical tanks, eight small chemical tanks, one foam tank, two roof ladders, two extension ladders, nineteen hundred feet of 2.5 inch double jacket hose, five hundred feet of 2.5 inch single jacket hose (not very dependable), thirteen heavy lined rubber coats.

Number of alarms during year, 56; out of town, Somersworth, 1; Berwick, 1; Rollinsford, 1. Out of town assistance, Rollinsford, 1; North Berwick, 2.

Number still alarms, 6.

Number of feet of hose laid, 10,150.

Actual time fighting fire for year 62½ hours.

Number of small chemicals used, 48

Number of large chemicals used, 13.

Number of gallons water pumped through booster, 2095.

Number of miles apparatus traveled to fires, 410.

Estimated losses for year, \$5,545.00.

During the year we have added thirteen new heavy lined rubber coats; 500 feet of new 2.5 inch double jacket hose, and lost 200 feet of 2.5 inch double jacket, 550 feet of single jacket. The balance of our single jacket is old and not dependable. I would recommend that \$760.00 be raised to replace hose lost this year and some beyond use.

The chemical truck needs considerable repairing to the tanks which will cost around \$100.00 and we will still have the old tanks using soda and acid. \$300.00 more would mount a booster tank and pump using plain water which costs much less, does less damage and saves the acid from ruining our hose which at present costs about \$47.50 per length. I would recommend \$400.00 be raised to make this much needed change.

I take this opportunity to thank the citizens for their wholehearted support of the fire department, and the manner in which they have contributed to our needs.

Respectfully submitted,

GEORGE W. BROWN.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Members of the School Committee

CLARENCE L. BLAISDELL, Chairman,	Term expires 1935
BERNARD E. DRURY,	Term expires 1936
J. PAUL RIDEOUT,	Term expires 1937

To the Superintending School Committee and the Citizens of
South Berwick:

I herewith submit my annual report of schools together with that kindly submitted by the principal of the Academy and the school nurse.

As a matter of economy, the usual reports of the music teacher and the financial statement have been omitted. For the same reason brevity will characterize this report.

It is difficult to apply the term "mere routine" to school activities. Just a casual review of the year's work brings to mind many worth while things which are worthy of record. Their omission here does not signify that they are considered unimportant or that they are not appreciated.

The thoughtfulness of the citizens for their schools was again exemplified this year in the FERA project which resulted in the construction of an excellent athletic field in the rear of the Central School building. The inclusion of the skating rink filled the hearts of the youngsters with joy. As now constituted the school grounds make a fine community center playground. Could the adjacent Methodist Church building be acquired for indoor sports, the equipment would be quite ideal.

Attention has often been called to the excellent cooperation of organizations not directly connected with the public schools. The American Legion has for years been a strong champion of education. Our local organization under the sponsorship of the Society of Forty and Eight plan to take charge of an immunization project in our schools for the elimination of the dread disease of diphtheria. The teachers will willingly lend their

assistance in the distribution and collection of the application cards.

To meet the growing need for a better knowledge of the social and civic world into which they will soon be thrust, the eighth grade pupils have been supplied with a new text. New spellers have been introduced this year and manuals have been provided for the teachers with improved methods for teaching the pupils how to study their lessons.

Attention is called to the activities of the Maine Public School Finance Commission. An order unanimously passed by the 86th Legislature creating the commission was as follows:

"Ordered, the Senate concurring, that a commission of fifteen representative citizens of Maine be appointed by the governor to make a survey of the school finances in the State of Maine." In conjunction with this under the guidance of experts was included a survey of the administration curricula and instruction of all the schools. Following a year of intensive study the Commission submitted a 271 page report of their findings together with their recommendations. It is not feasible to go into details here in regard to these. But to find Maine standing 37th in the scale of efficiency among the states, also lowest of the New England States and 18% below Vermont the next in order, creates no enviable feeling of pride. It is a pleasure to report that the members of the 87th Legislature and the people as a whole are giving this report serious, and, to a large degree, favorable consideration. New bills and revised laws are now being submitted for enactment whereby present conditions may be corrected.

In closing, I wish to express most sincere thanks to all who have in any way contributed to the well being of our schools during the past year.

Respectfully submitted,

WILLIAM C. McCUE.

BERWICK ACADEMY

South Berwick, Maine, February 1, 1935.

To Superintendent William C. McCue:

I herewith submit the annual report of Berwick Academy.

Our registration this year totals 170 pupils, 140 of this number are registered from South Berwick. Total registration last year was 161 with 131 from South Berwick.

There has been one change in the teaching staff since the last report. Miss Kathryn Small was elected to fill the vacancy caused by Miss Noddin's resignation. Miss Small is coach of all girls' athletics, assistant teacher of History, English and Mathematics. She also has charge of Public Speaking and Dramatics. She is a graduate of the University of Maine where she specialized in dramatics, being a member of the college dramatic society and active in college affairs. She also qualified while at the University for the special certificate of Physical Training given by the State Department of Education.

As in former years, the faculty at Berwick is giving a great deal of attention to keeping our scholarship standards and attainments high, using the State approved courses as a guide. Last spring the State Department of Education conducted a survey of Maine secondary schools using comprehensive examinations as a basis of comparison. The resulting statistics were sent recently to principals and superintendents that they might know how their school ranked with other schools of the state. 216 schools, large and small, were included in the survey. Berwick Academy was placed in the upper fifth with an average rank higher than the average rank for the group as a whole.

Again this year I would like to ask co-operation from the parents of Academy students in the matter of home work and seeking outside help when necessary. In almost every case it is necessary for the pupil to do some homework in preparation for class work and to make it possible for him to maintain a rank consistent with his abilities. The shortness of our school day makes it impossible to have frequent supervised study periods and pupils are urged to remain at the building for individual attention after the regular session has closed. All teachers are

interested in the personal problems of each pupil and are willing to make every effort to help him solve them. The teachers are to be found at the Academy building during the afternoon to meet any who wish assistance.

Our new equipment during the year has been limited to necessary supplies and textbooks. New texts have been supplied for the classes in Government, Applied Mathematics, First and Second Year Latin. Other books have been purchased to replace old material, supplement material already in use and to accommodate increased numbers of pupils in various courses.

In September we introduced a new course in Applied Mathematics which we believe will fill the need for a course in Mathematics which is of a practical nature.

The lunch counter is being carried on as usual under the very capable supervision of Miss Knight. The income from the sale of food to pupils and teachers is used to help defray the expenses of the outside activities of the school.

Our orchestral group is much smaller this year and, as a unit, has been less active than usual. Several of the orchestra members are engaged in other forms of outside work which makes it difficult to get the whole group together frequently. However, the orchestra has made several appearances at school and public functions. The music groups are now preparing the annual Operetta which will be staged in the early spring under Miss Hamlin's direction.

All girls' athletics are under the direction of Miss Small. The girls have carried out schedules in field hockey and basketball and in season take part in other organized play. In the spring of 1934 the girls held a Play Day to which they invited delegates from nearby schools and their coaches. The day was spent pleasantly with games, contests and sociability. At noon a lunch was served by the Academy girls to their guests. Visiting coaches expressed a desire to make this Play Day an annual affair, each school acting as host in its turn. In the spring the girls plan an intra-school tennis tournament.

All boys' athletics are under the direction of Mr. Warren. As usual, schedules have been arranged and are being carried out. The football squad lost seven letter men in June but the remaining members played fine games in a rather heavy schedule. The basketball teams developed by Coach Warren have given us some fast and interesting games. The Academy is a member of

the Southern York County Basketball League and at present the boys' team is tied for first place in the league.

The debaters under Miss Babb's direction are at work preparing for the debates which will be held in March. As in former years our school is a member of the Bates Debating League and will meet Fryeburg and South Portland in the preliminaries.

A new activity at the Academy is the publishing of a school paper under Miss Babb's supervision. The Academy Quill is published monthly and is receiving many favorable comments from its readers.

The General Council has been active as usual in raising funds to defray general expenses and also has assisted local organizations in making up nine baskets of food to be distributed to needy families at Thanksgiving.

Thru' the efforts of graduating classes in past years, teachers, trustees and interested friends of the Academy a new curtain has been purchased for the stage in Fogg Memorial Hall. Due to the architectural features of the auditorium the actual hanging of the curtain proved to be a more difficult task than at first supposed, but it was placed without destroying any of the fine lines of the arch above the stage. All who aided in any way in the purchase and hanging of the curtain deserve a great deal of credit and, for the Academy, I wish to express our sincere appreciation to them.

Following is the report of Fogg Memorial Library by the Librarian:

The average circulation of books and magazines this year, to date, has been most gratifying, reaching its peak during the week of November 13, which was observed as National Book Week at the Library. An innovation this year was the final program which was, through the courtesy of the trustees, held in Fogg Memorial Hall under the direction of the Librarian.

An interested and enthusiastic audience was present to greet Mrs. Gladys Hasty Carroll, guest speaker and a graduate of Berwick Academy. Miss Frances Babb of the English Department spoke on American Literature, the Berwick Academy

Orchestra gave a musical program under the direction of Miss Helen Hamlin, and students from the grade schools also assisted. The third annual Library Bulletin was issued at this time with interesting library news of book selections and gifts through the year and library activities. During this special week students from the Academy assisted in the library proving themselves quite efficient as helpers. Since magazine reference work is forming such an important factor in the school curriculum of to-day the magazines provided in the reading room have proved most useful and valuable to the students in working out assignments from the teachers.

The call for the classics has been remarkable the past year, with their revival in the motion picture world has brought a like revival with the reading public of Dickens, Thackeray, the Brownings and others. So far as possible the library is meeting this demand; and the Town Fund which enables a yearly purchase of books is used by the committee in supplying the best reading to all patrons of the library.

LOUISE D. LIEB.

In closing this report I wish to express to the trustees, parents and townspeople my appreciation for their interest and co-operation during the past year.

Respectfully submitted,

ERCELL M. GORDON.

REPORT OF SCHOOL NURSE

To Superintendent William C. McCue:

I herewith submit my report of work done during the year ending September 1, 1934.

ANALYSIS OF WORK IN SCHOOLS	SCHOOLS			
	Central School	Boyd's Corner	Berwick Branch	Parochial

No. dental clinics	0	0	0	
May Day exercises	1	1	1	

Weights and measures taken by Miss Milton, C. W. A.

Milk and hot soup were provided in schools by State Federal Funds, from which much good was derived.

The co-operation of Superintendent and teachers in their ever ready aid in regard to food, clothes, and health was appreciated.

I would thank Dr. Frank A. Ross and Dr. O'Gara for their fine co-operation in treating the children's conditions at different intervals.

The good health of an individual is a personal asset. The good health of many individuals constitutes a national asset. So All for Health and Health for All.

Respectfully submitted,

CHERRY BLEAKNEY, R. N.,

School Nurse.

RUEL B. RIDEOUT,

Town Clerk.

“Pork Pie”

Men's Felt Hats this season will make you “sit up and take notice”—they're different; they're something to talk about. Pork Pies are the latest. We have them!

The Military model topcoat is the favorite again this spring. Priced at \$15 to \$35. We have them!

The new shirts and neckwear are going to be richer and deeper for spring. We have them!

The best values in suits for Easter are Middishade and Garrick Worsteds. We have them!

J. B. WHITEHEAD & BRO.

BUSINESS ESTABLISHED 1845

South Berwick, Maine

Parker's Auto Radiator Service

ESTABLISHED 1920

Tel. 1136

Come to us with your Radiator Trouble! We don't dope 'em, we bring 'em back to life!!

Our repairing and cleaning methods are first class and our prices very reasonable.

We use a double dipped coil, which does away with leaky condition of Radiator.

197 CENTRAL AVE.

DOVER, N. H.

Home Made Ice Cream

Ice cream such as you have never tasted before. A tasty blending of nourishing and healthful ingredients that make a confection of food—and of food a confection. Made right at our Fountain by the latest improved method.

Enjoy it at our Fountain or take some home.
